# DH200 : DENTAL HYGIENE CLINIC III

This course provides for the continuing development of the knowledge and skills required to provide oral health care services. Didactic emphasis is placed on ethical and legal principles in dental hygiene care and the management of the special needs patient. Students will provide oral health care services in a supervised clinical setting.

|                 |                       |
