Module 2 : BASIC VEHICLE CONTROL SKILLS I

This course will introduce students to the rules of the driving range, basic movements of the vehicle, and how to properly enter and exit the truck. The students will be able to identify and properly operate the various controls of the vehicle, as well as complete a 127-point vehicle inspection of the vehicle. Students will also explore “Life Skills Lessons” with an emphasis on workplace strategies for a successful career. In addition, students will begin “Transportation Industry Awareness Lessons” with a focus on the airbrake system of a tractor trailer.

Clock Hours	**80**
