Withdrawal

In order to remain in “Active” status at the School, students must be enrolled in and actively attending at least one course. If students withdraw from all of their classes, or cease to actively attend, they will be withdrawn from the School in accordance with the Attendance Policy.

A student who withdraws voluntarily or involuntarily from enrollment in a course is also withdrawn from the institution if the student is only enrolled in one course. However, a student enrolled in multiple courses who withdraws voluntarily or involuntarily from one or more courses may remain actively enrolled. Students who wish to withdraw from all of their courses, and therefore from the School, must submit the request in writing to the School. The withdrawal request is to be submitted to the program director/dean.

If a student is considering withdrawing from a course or from the School, the student should contact and meet with the Dean of Education or the Dean of Nursing (for students enrolled in nursing courses), or the Campus President in order to receive information about the possible options and to be fully aware of the implications of withdrawal from a course. Students may not be aware of the range of resources available to support their ability to continue in their academic program or may not be fully aware of the impact withdrawal may have on their academic standing, financial obligations, or ability to complete the program. If a student decides to proceed with withdrawal, the student is required to notify the Campus President and the Registrar in writing and meet with the Director of Financial Aid to review and complete an acknowledgement of the Student Responsibility (see below).

Students who withdraw from a course or from the School will receive a grade of “W” if they withdraw before or at the time of attending 50% of the scheduled class days for the course. If students withdraw after attending 50% of the scheduled days of the course, they will receive a “WF” grade. The grade will be recorded on their transcript.

Nursing Students

Students enrolled in nursing courses and required courses (anatomy and physiology, microbiology, nutrition, general biology and mathematics (Math 101) who withdraw from a course or from the School will receive a grade of “W” if they withdraw before the end of the 8th week of a quarter-based course, or before the end of the 11th week of a semester-based course. If students withdraw in week 9 (for quarter programs) or week 12 (for semester programs) and thereafter, they will receive a “WF” grade for the course. The grade will be recorded on their transcript.

A “WF” grade is regarded the same as an “F” grade in determining Academic persistence and Satisfactory Academic Progress.

Nursing students are allowed only two course withdrawals (including both “W” and “WF”) from nursing courses during the entire program, whether such withdrawals were from the same course or different ones. Withdrawing a third time, regardless of the week in which the withdrawal takes place, will result in academic dismissal from the nursing program.

Effective Date of Withdrawal

If students provide notification of withdrawal, the effective date of the withdrawal will be the earliest of the following: the date on the written notification, the date it was received if there is no date on the notification, or the student’s last day of attendance.

If students withdraw without written or verbal notice, or if students fail to return from a Leave of Absence, termination shall take effect on their last day of attendance.

Dismissal from the Program and the School

Students who have been dismissed from the School may not be eligible for re-instatement, unless the dismissal was due to failure to meet the School standards of satisfactory academic progress, in which case the appeal process is to be followed.

Student Responsibility

Whenever their schedules change, whenever a course is added, dropped, or when students withdraw from a course, students must meet with the Financial Aid Department in order to understand the impact of the change on their financial aid and financial obligations and must meet with the Registrar in order to review the impact of the change on their graduation date.

NOTE: Students who are contemplating withdrawing from a term should be cautioned that:

- The entire scheduled length of the term they are currently enrolled in is counted in their maximum program completion time.
- They must repeat all courses from which they elected to withdraw.
- There may not be space available in the class upon their return.
- They may have to wait for the appropriate course in the term to be offered again.
- Their graduation date may change.
- Their financial aid and/or tuition costs may be affected.
