Counseling/Advisement

Academic advising is available throughout the student's enrollment at the School to assist students with the identification and resolution of academic problems. Individual advisement sessions are scheduled by appointment and may be outside of regular class time. In addition, faculty members are available throughout the term to meet with students as needed.

The School does not offer counseling services. Students requesting guidance, encouragement, or assistance in their chosen career fields are encouraged to discuss any problem with an instructor or a member of the School management team as needed. Students who encounter problems that interfere with their ability to succeed in their program are also encouraged to seek help. While the School does not provide counseling services, it maintains a community resource list and/or a student assistance program for personal, family, and financial counseling-related needs. Students who need assistance in these areas should request the community resources list.

If a student has a problem that cannot be addressed by the All-State Career team members, that student is referred to the student assistance program. The student assistance program is a professional, confidential service provided by All-State Career to give students immediate access to a comprehensive network of experts and information that can help you to handle life's challenges while you are in school. This 24-hour service is prepaid for by the School and there is no cost to the student. All members of the campus have 24/7 access to the licensed student assistance program counselors at (866) 200-7350.
